LAB

Wearwell has a variety of products that deliver optimum support and address contamination concerns such as particulation, outgassing, and the spread of bacteria.

Your facility shares the concerns of healthcare and lab environments if

- Areas are typically sterile and have like aesthetics
- Transition areas are crucial points for contamination control
- Team members need standing relief for long or multiple shifts

REJUVENATOR®

Rejuvenator® provides optimum performance in the field of labs and pharmacies. Not only does it have a clean consistent aesthetic, it also meets the USP 797 compliance standards for non-viable particulates.

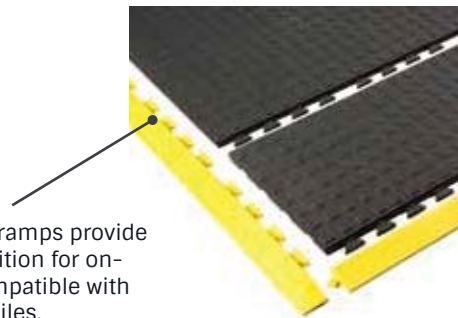

Rejuvenator® flooring, runners, and workstation mats help your team stand stronger, longer. Whether you need to cover an entire lab, a multi-shift pharmacy, or just a single workstation, Rejuvenator® delivers the ultimate combination of durability, ergonomics, and awesome good looks!

Manufactured entirely from urethane, this perennial all-star features an unparalleled ten-year resilience warranty. Simply put, we've engineered Rejuvenator® to outlast and outperform any would-be rivals. Rejuvenator® has quickly become the ergonomic floor surface of choice for top-performing companies worldwide.

Flooring

Available in domed and square designs, Rejuvenator® Flooring features large, 3' x 3' modules — and now new 1' x 3' modules as well — that interlock on all four sides to customize on site virtually any flooring configuration. The interlock is incredibly effective and also hidden so the ergonomic floor you've created is seamless and stable underfoot. Having the ability to customize in one-foot increments and finish off with beveled ramps (yellow or black) sets Rejuvenator® Flooring apart from all other urethane "wannabes."

Description	Made from 100% recycled urethane sponge, SMART® is a durable matting base that combines comfort, ecology, and economy. Best suited for dry areas, this green material is a Wearwell exclusive.	Flex-Link™ is a PVC sponge comparable to those used by our competitors, at a similar price point. The difference is our pre-beveled Flex-Link™ base, which offers a larger usable ergonomic area, reduces trip hazards, and keeps our mats from sliding.	Anti-microbial (AM) top to bottom. The AM nitrile rubber composite sponge offers maximum comfort and resilience, while the AM surface delivers additional abrasion and chemical resistance.
Resilience	Good rebound, proven for use in many commercial applications as a flooring-system underlayment.	Good resilience, good recovery.	Best in its class, It continues to bounce back and provides long-term employee satisfaction.
Standing Area	Extends to within 2" of each edge.	Extends to within 2" of each edge	Extends to within 1" of the edge of the mat, providing more standing room.
